

THE *designer* SERIES

Night Shift
Lighting

www.NightShiftLighting.com

Whether it's to illuminate a special garden feature or to *BECOME* the feature, **Night Shift Lighting** specializes in residential resort style lighting for the discerning client. Go beyond the typical solar powered garden lights and create a sublime aesthetic with our Ballust-Art Pillars. These architectural lights are aircraft aluminum, and powder coated for a long and beautiful life. Made in America, we fabricate a variety of sizes, shapes and finishes to bring stunning yet subdued light displays for outdoor spaces.

Night Shift Lighting introduces the exclusive **Balust-Art Pillar** for residential and commercial landscapes. Residential Resort is the latest pursuit in outdoor styling particularly as outdoor living spaces increase in demand.

Made in America, our Balust-Art Pillars are fashioned from powder-coated, aircraft aluminum a variety of sizes, shapes, heights, and designs. We also welcome custom designs.

LED fitted lighting casts an **ambient glow** and can illuminate a special garden feature or it can stand alone as a stunning display of art. Our designs are attractive during the day and are easy to maintain.

Check out our **Destination Design** page on our website for the variety of exclusive resort style designs we offer.

Customized columns are a delight for us to create either from a logo, shape, monogram or your own imagination. We love the team approach of the creative process and will work with you or your discerning client to make their outdoor space come to life through the wonder of light.

Our Ballust-Art Pillars are LED equipped. The light cast from our various designs creates an atmosphere of elegance your neighbors will both enjoy and envy.

Contact us today and let Night Shift Lighting turn your outdoor project into a striking display of art.
